<https://github.com/Dhruv1Gupta>

Motivated and detail-oriented Computer Science student with strong foundational knowledge in full-stack development, problem-solving, and web technologies. Proficient in modern programming languages and frameworks, with hands-on experience delivering responsive, user-friendly, and secure web applications. Seeking a Software Developer role to apply technical and collaborative skills in building scalable software solutions.

## EDUCATION

<b>Future Institute of Engineering and Technology, Bareilly</b> Bachelor of Technology (B.Tech) in Computer Science and Engineering	<b>2025</b>
<b>Blooming Dale School, Budaun</b> Senior Secondary (PCM)	<b>2021</b>
<b>Florence Nightingale Public School, Budaun</b> Secondary School	<b>2019</b>

## SKILLS & OTHER

- **Languages:** JavaScript, Python, C, HTML, CSS
- **Frameworks/Libraries:** React.js, Node.js, Next.js
- **Tools:** Git, GitHub, VS Code, Chrome DevTools
- **Database:** MySQL (Basic)
- **Other:** REST APIs, Responsive Web Design, UI/UX Principles

## PROJECTS

### Portfolio Website [HTML, CSS, JavaScript]

- Developed a fully responsive personal portfolio website showcasing projects and skills.
- Integrated dynamic elements with JavaScript including smooth scrolling, modals, and animations.
- Improved page load speed by optimizing assets and implementing deferred script loading.

### Myntra Clone (E-Commerce Store) [HTML, CSS, JavaScript]

- Built a functional frontend e-commerce clone of Myntra with product listing, cart, and checkout features.
- Designed a responsive UI for mobile and desktop views.
- Implemented shopping cart logic using JavaScript with persistent local storage.

### Password Generator App [HTML, CSS, JavaScript]

- Designed a secure password generator tool allowing users to customize length and character types.
- Implemented responsive UI and input validation to enhance user experience.
- Used JavaScript to dynamically generate strong, random passwords improving password security.

## HOBBIES & INTERESTS

- Exploring strategy-based offline mobile games to enhance strategic thinking and stress management.
- Tech blogging and learning new frameworks.
